

Parents know what is best for their kids, NOT the government.

# Vote NO on New York State's Parent Replacement Act on Tuesday, November 5th.

- New York State could have more authority than parents in making important medical decisions for children.
- Minors could have the right to irreversible surgical and non-surgical transgender procedures without their parent's notice or approval.
- Statutory rape laws that protect against sex with minors or enhanced penalties for attacks against those over 65 could be weakened.

NEW YORK

New York's so-called Equal Rights Amendment, or the **Parent Replacement Act** as we call it, is composed in dramatically vague language and could strip parents of rights, infringing on common sense protections for children.
